BULLETIN 05 OF 2011

Dear Members

It has come to the attention of the Executive of the Fire Service Association (Second Division) that acceptance of the Government's offer of 5% on Salaries for Fire Officers for the Triennium 2008 and 2010 is imminent.

This Association wishes to place on record our outright **REJECTION** of Government's position of 5% as the settlement figure. Collective Bargaining is a process designed for both parties to find common ground as it pertains to revising Terms and Conditions for Employees.

Again, the Fire Service Association (Second Division) rejects Government's 5% offer on Salaries for the period 2008 to 2010.

Yours in solidarity
